## **In addition to the above guidelines, all information submitted will be checked & verified pursuant to the following additional requirements:**

Sylectus attempts to protect our existing customers (subscribers) from losing employees and/or drivers and/or exclusive fleet owners. Accordingly, our guidelines include the requirement that new subscribers must not have been employed (exclusively contracted) with any of our existing customers for a minimum period of six (6) months. **These requirements apply to exclusive drivers or employees only, and do not include employees or drivers who were operating their own companies under their own authority or non-exclusive employees, drivers or fleet owners. Non-exclusive employees moving to the Omnitracs Sylectus Transportation Management Software will not be subject to the foregoing requirement; proof of a written contract and recent pay sheet is required in order to prove non-exclusivity.** The foregoing requirements include employees that leave your employment to start their own business, but do not include employees who are hired by another (existing) business. The foregoing requirements are intended to protect existing Omnitracs Sylectus subscribers from fleet erosion and loss of customers. If, after completing a subscription, we determine, in our discretion, that a company is subject to the foregoing six (6) month waiting period, then we reserve the right to terminate your subscription until such time as such six (6) month waiting period has been fulfilled. **Each new applicant will be subject to the foregoing requirements on a case by case basis.**

We thank you for your interest in the Omnitracs Sylectus Alliance.
