

## CUMMINS OVER THE AIR PROGRAMMING (OTAP)

# ENGINE SOFTWARE UPDATES IN FEWER THAN 10 MINUTES – ANYTIME, ANYWHERE

Enhance the performance of your vehicle, reduce frequent shop visits, and simplify the lives of your drivers by performing engine software updates through your existing Omnitracs in-cab solutions.

### ENSURE YOUR VEHICLES' ENGINES ARE UP-TO-DATE

Be notified when software updates become available for your Cummins engine to stay up-to-date on vehicle health, perform updates when convenient, and improve driver productivity and satisfaction.

### SOLUTION HIGHLIGHTS

Simplified update coordination

Automatic software update notifications

Seamless communication between drivers and the back-office

Cummins Electronic Engine with CM2350 ECM

## THE EXTRA MILE

Eliminate expensive and time-consuming shop visits for ECU updates

Extend vehicle health with up-to-date software

Improve vehicle and engine performance

Increase driver and vehicle productivity

## CUMMINS CONNECTED DIAGNOSTICS

A software-only application that processes Cummins engine system fault data and sends an informative notification to the customer.
