

5 Reasons Your Drivers Will LOVE ELDs

IMPROVED SAFETY

Drivers using Electronic Logging Devices had an **11.7% REDUCTION IN TOTAL CRASH RATES** compared to vehicles not equipped with e-logs. These devices help identify and correct problematic behavior early.

DATA PROOF

Data collected during an event like harsh braking can be used to **EXONERATE THE DRIVER** in the event of an accident. In car-truck crashes, cars are at fault **80% OF THE TIME**.

ACCURATE PAY

With ELDs, every mile is accurately recorded back to managers, ensuring prompt and accurate pay. **DRIVERS ARE PAID FOR EVERY MILE.**

SIMPLIFIED PAPERWORK

Drivers can save **\$708/YEAR/DRIVER** by lessening the administrative cost of paper logs and state miles and inspection reports.

MORE MONEY

Drivers generally find that going from 15-minute duty status changes to changes in real-time with ELDs means **1-2 MORE HOURS OF DRIVE TIME** each week!
