

A Centralized Driver Experience to Boost Satisfaction and Productivity

Reduce time spent switching between apps and entering duplicate data for multiple solutions by connecting third-party and Omnitracs solutions in-app, including Omnitracs Hours of Service, Omnitracs Proof of Delivery, and Omnitracs Navigation.

Streamline workflows and reduce confusion with a dynamic display of tasks-per-stop in the drivers' circle of service.treamlining processes.

Advanced two-way communication between drivers and back-office teams

Innovative and intuitive driver interface

Configurable driver workflows for individual drivers or groups

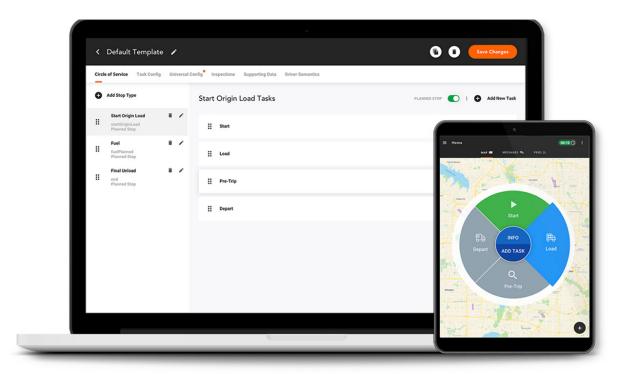

Enhanced document and data sharing between drivers and the back-office

The Extra Mile

Create, modify, and send custom task, and sub-task, lists from the back office to the drivers' circle of service.

Build robust workflows and tasks lists without coding expertise

Reduce fuel, maintenance, administrative, and operational costs

Streamline trip management to exceed customer expectations more often

Enhance driver satisfaction so you can improve retention

Configure driver workflow and trip management

Increase compliance scores and productivity
