

Omnitracs Trailer Tracking

Maintain visibility into trailer locations, status, loss, and underutilization with Omnitracs Trailer Tracking. Save time and cut fuel costs spent searching for missing trailers.

Solution Highlights

Geo-fencing capabilities

Start- and -end of trip reporting

Configurable schedules for high frequency position-data reporting

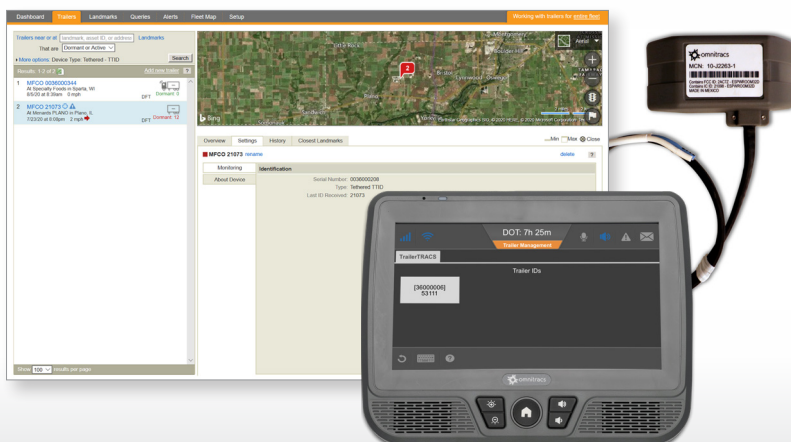

Trailer-usage monitoring

Lightweight design — 0.8 lb

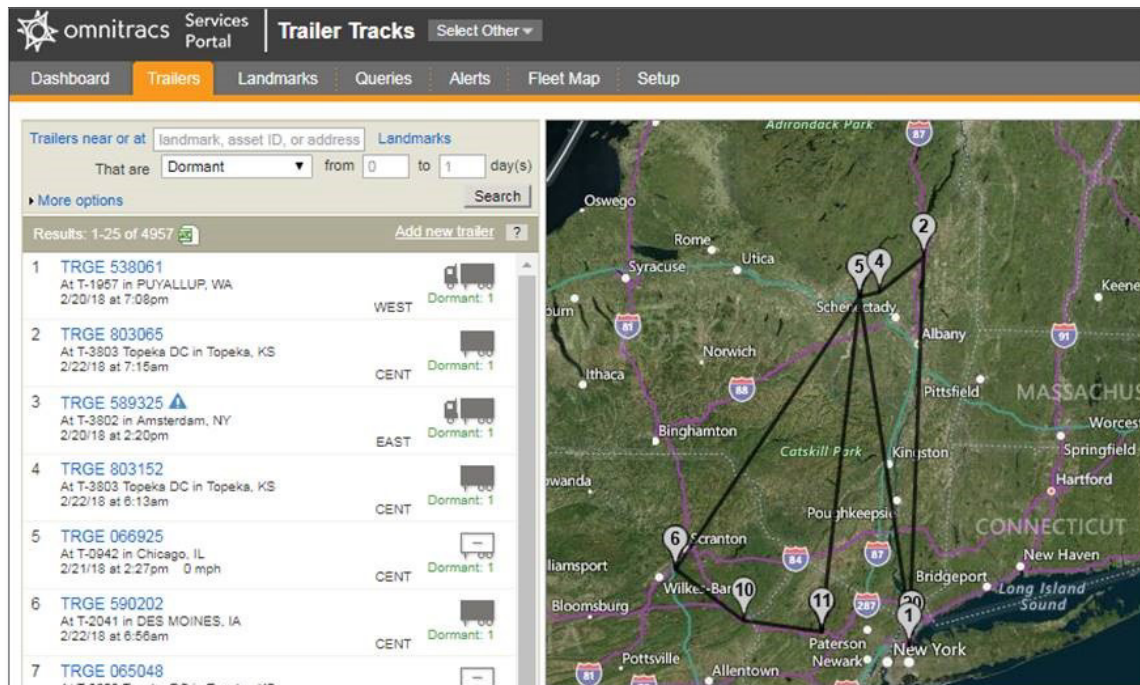

Add on the Trailer Identification Accessory for:

- In-cab notifications that let drivers know they've connected to the correct trailer
- Trailer connection and disconnection notifications in your inbox
- Event data sharing with integrated trailer tracking partners

The Extra Mile

Gain better oversight of your trailer pool to more quickly say yes to new business opportunities, better match trailer types to demand trends, and keep drivers on their routes.

Access an overview of your assets at a glance

Increased asset and cargo security

Access trailer inventory around company-defined landmarks

Support maintenance schedules with insight into miles traveled

Save time with easy peel-and-stick installation
